

FAST–Flat, Agile, Streamlined, Tech-enabled

Posted by alijafri - 2012/11/25 13:47

F.A.S.T Government Framework (FAST–Flat, Agile, Streamlined, Tech-enabled), a new model for 21st Century Government being spearheaded by the World Economic Forum's Global Council on the Future of Government. The FAST Government Framework moves beyond e-government, encompassing the whole of government and governance in the context of the fast changing digital world.
